e-Application Convenient, Fast and Always Available

Mutual of Omaha offers the convenience of electronic applications for our Medicare solutions products – Medicare supplement, dental and Prescription Drug Plans. All e-Apps are easily accessible on Sales Professional Access (SPA) www.mutualofomaha.com/broker under the Electronic Applications link.

Check Out These Features!

- - Real time – reduces frustration with outdated forms and ensures quoted rates are current
 - Quick rate quotes
 - Save time – assures application is in good order at the time of submission
 - Underwriting rules automatically applied, eliminating guesswork
 - Easy navigation to progress through the application; flags for missing information; and easy access to help and information screens
 - Additional questions generate only when your client needs to answer them
 - Electronic, voice or wet signature options available
 - A dashboard showing each application's status

If you haven't used our e-App, then before you take your first application play with it in our sandbox. The sandbox is a safe way to become familiar with the e-App. You can play with the rate quoter, application and signature options. Use fictitious names and enter your email address as the applicant to see the various communications the e-App generates. The sandbox is on the SPA under the same link as the e-App. Give it a try.

And remember, the best thing about e-Apps is it is always available. You can eliminate the need to order a supply or having to download and print a paper application. Our electronic applications are ready anytime you and your client are ready. And when you cannot meet face-to-face with your client, you can still do business via e-App and a phone call.

If you have any questions, contact our Sales Support team at 800-693-6083.
