Limitations and Exclusions

Covered Expenses Will Not Include and No Benefits Will be Payable:

1. For any treatment which is for cosmetic purposes or to correct congenital malformations, except for medically necessary care and treatment of congenital cleft lip and palate.
2. To replace any prosthetic appliance, crown, inlay or onlay restoration, or fixed bridge within five years of the date of the last placement of these items, unless required because of an accidental bodily injury sustained while the Insured is covered. Replacement is not covered if the item can be repaired.
3. For initial placement of any prosthetic appliance or fixed bridge unless such placement is needed because of the extraction of natural teeth during the same period of continuous coverage. But the extraction of a third molar (wisdom tooth) will not qualify the item for payment. Any such appliance or fixed bridge must include the replacement of the extracted tooth or teeth. Coverage does not include the part of the cost that applies specifically to replacement of teeth extracted prior to the period of coverage.
4. For addition of teeth to an existing prosthetic appliance or fixed bridge unless for replacement of natural teeth extracted during the same period of continuous coverage.
5. For any expense incurred or procedure begun before the Insured's current period of continuous coverage.
6. For any expense incurred or procedure begun after the Insured's insurance under this section terminates, except for a prosthetic appliance, fixed bridge, crown, or inlay or onlay restoration for which both (a) the procedure begins before insurance ends and (b) the item's final placement is within 90 days after insurance ends.
7. To duplicate appliances or replace lost or stolen appliances.
8. For appliances, restorations or procedures to:
 - a. alter vertical dimension;
 - b. restore or maintain occlusion;
 - c. splint or replace tooth structure lost as a result of abrasion or attrition; or
 - d. treat jaw fractures or disturbances of the temporomandibular joint.
9. For education or training in, and supplies used for, dietary or nutritional counseling, personal oral hygiene or dental plaque control.
10. For broken appointments or the completion of claim forms.
11. For orthodontia service or for any services associated with orthodontic therapy when this optional coverage is not elected and the premium is not paid.
12. For sealants which are:
 - a. not applied to a permanent molar;
 - b. applied before age 6 or after attaining age 16; or
 - c. reapplied to a molar within three years from the date of a previous sealant application.
13. For subgingival curettage or root planing (procedure numbers 4220 and 4341) unless the presence of periodontal disease is confirmed by both x-rays and pocket depth summaries of each tooth involved.
14. Because of an Insured's injury arising out of, or in the course of, work for wage or profit.
15. For an Insured's sickness, injury or condition for which he or she is eligible for benefits under any Workers Compensation Act or similar laws.
16. For charges for which the Insured is not liable or which would not have been made had no insurance been in force.
17. For services which are not recommended by a dentist, not required for necessary care and treatment, or do not have a reasonably favorable prognosis.
18. Because of war or any act of war, declared or not, or while on full-time active duty in the armed forces of any country.
19. To an Insured if payment is not legal where the Insured is living when expenses are incurred.
20. For any services related to: equilibration, bite registration or bite analysis.
21. For crowns for the purpose of periodontal splinting.
22. For charges for: any implants; overdentures; precision or semi-precision attachments and associated endodontic treatment; other customized attachments; or specialized prosthodontic techniques or characterizations.
23. For charges for myofunctional therapy, orthognathic surgery or athletic mouthguards.
24. For procedures for which benefits are payable under the employer's medical expense benefits plan for employees and their dependents.
25. Services or supplies provided by a family member or a member of the Insured's household.

Note: This is a general outline of covered benefits and does not include all the benefits, limitations and exclusions of the policy. See your certificate for details.

Predetermination of Benefits: As a service to protect the Insured, First Continental Life & Accident Insurance Co. will provide predetermination of benefits for recommended treatment plans that exceed \$300. This predetermination of benefits explains which of the recommended procedures will be covered and at what amount. This benefit helps Insured's better understand their coverage. The Insured should submit the treatment plan to First Continental Life & Accident Insurance Co. for review and predetermination of benefits before the service begins.

WAITING PERIOD FOR MAJOR SERVICES CAN BE WAIVED WITH PROOF OF PRIOR COVERAGE

Take Over Benefit/Credit for Prior Coverage

Apex Dental is extending the takeover benefits to new dental members that had prior coverage with a previous dental carrier. These members may qualify to receive credit for the months that they've had coverage and may go towards their 12-month waiting period for Type 3-Major Services. Please submit the proof of prior coverage to apexdental@fcdental.com.

Below are the criteria that will need to be met to be considered for credit of prior coverage.

The prior coverage must be a PPO/MAC plan

The member will need to obtain a letter/certificate from the previous carrier with the following information:

- Carrier Name- [outline of dental plan] 100/80/50
- Effective Date of Coverage: [Coverage DATES]
- Family Coverage for:
 - Self: Member Name, SSN & DOB
 - Spouse: Name DOB
 - Child: Name DOB
 - Child: Name DOB

The letter must be on carrier letterhead and state the type of coverage (include annual maximum and coinsurance), list the names of all covered members and there must be a start date and end date for the coverage.

Proof will not be accepted from the following:

- Bank draft
- Screen shot
- Word document
- There cannot be more than a 30-day break in coverage for the takeover benefits to be extended to the member.
- Any discount dental plans.

Once documentation has been submitted allow 72 business hours for review. All proof of prior coverage is subject to carrier approval.

Treat your hearing loss, easily and affordably

What causes hearing loss?

Hearing loss can be temporary and caused by simple things like ear wax or a cold. It can also be permanent, caused by damage to the tiny hair-like cells in the inner ear as a result of exposure to noise, aging, other health conditions, or certain medications.

When should I get my hearing checked?

Hearing loss can come on so gradually that you may not even notice it's happening. In general, you should have your hearing screened every three to five years, and tested annually if you are over the age of 50 or experiencing any of the following:

- **Consistent exposure** to loud noises.
- **Difficulty understanding** in noisy environments or in groups.
- **Hearing mumbling** or feeling as though people are not speaking clearly.
- **ringing** in your ears.

How can I check my hearing?

Getting your hearing checked is now easier than ever with in-person and at-home options:

- **Virtual screening** allows you to confirm if hearing loss is detected from the comfort of home
- **Professional hearing evaluations** take place in a hearing care clinic setting. A hearing care professional will work with you to complete an in-depth evaluation of your hearing and propose solutions if hearing loss is indicated.
