Did You Know?
The average cost of a 3-day hospital stay is
\$30,000¹

The American Home Life Insurance Company

American Home Life was founded in 1909 in Topeka, Kansas. Throughout the last 110+ years, our Midwestern value-oriented culture has enabled us to grow and prosper through multiple world wars, pandemics, and recessions all while fulfilling our obligations to our policyholders, agents, and employees.

As a Kansas company, Midwestern values are deeply rooted into our company's corporate culture. Honesty, integrity and courtesy are qualities we believe our policyholders expect and deserve when they entrust us with their insurance needs. We strive to demonstrate these values every day and at every level of our business because it's the right thing to do.

Introducing the IdealFlex Series™

Hospital stays are expensive whether it is a sudden medical emergency or an unexpected stay. You can protect yourself and family financially by having the necessary coverage to help pay for medical expenses.

The American Home Life Insurance Company's IdealFlex Series™ is a supplemental Hospital Indemnity Insurance policy that works in combination with major medical insurance to help pay for out-of-pocket expenses, like a hospital stay.

1 in 5

Americans aged 65 and older require a hospital stay at least once this year.³

IdealFlex Series™ can help offset the cost of deductibles and co-pays, along with any additional expenses, not covered by your other insurance plans.
